定制类小型锂电池

Custom small lithium batteries

专注于智能化、轻量化及高能量密度锂电池解决方案，可根据不同终端产品需求提供容量、电压、尺寸、接口及保护方案定制，广泛应用于消费电子、智能设备及便携式产品。

Focused on intelligent, lightweight and high-energy-density lithium battery solutions, we can customize capacity, voltage, dimensions, interfaces and protection schemes according to the requirements of different terminal products, which are widely used in consumer electronics, smart devices and portable products.

主要应用 | Applications

智能穿戴 · 蓝牙设备 · 便携式电子产品 · 智能家居 · 医疗设备 · 数码产品 · 小型机器人

Smart Wearables · Bluetooth Devices · Portable Electronic Products · Smart Home · Medical Devices · Digital Products · Small Robots

产品特点 | Product features

高能量密度 | 智能控制 | 多重安全保护 | 高度定制

High Energy Density | Intelligent Control | Multiple Safety Protections | Highly Customizable

OEM / ODM

支持容量、电压、尺寸、线材、连接器及保护板方案定制

Custom solutions available for capacity, voltage, dimensions, wires, connectors, and protection board configurations.
